

March 23, 2021

Dear NMEA Executive Board and Members,

I would be honored to serve as the Secretary for the NMEA Executive Board. I currently am finishing my fifth year of teaching choir at Hyde Park Middle School in Clark County School District. I have been involved in NMEA all 5 years, and my students have greatly benefited from NMEA events including Solo and Ensemble Festival and All State Choir.

During this term I wish to expand my involvement in NMEA by learning best practices for teaching and advocacy and sharing those resources with our music education community. I want to serve as a bridge of communication that connects decision-making to execution for the association. I believe I would make a great candidate because I am detail-oriented, an intentional listener, and care deeply about the future of music education in Nevada. I value collaboration amongst colleagues to continue bringing enriching musical experiences to our students, especially during trying times that force us to adapt as we all have this past year.

Thank you for your consideration.

Sincerely,

Lhara Groberg
